A few comments from some of our recent certified members:

“I would suggest people new to the healthcare industry take these exams to help get them up to speed of processes that happen in the industry”. Morgan Parker, CHFP, CSAF

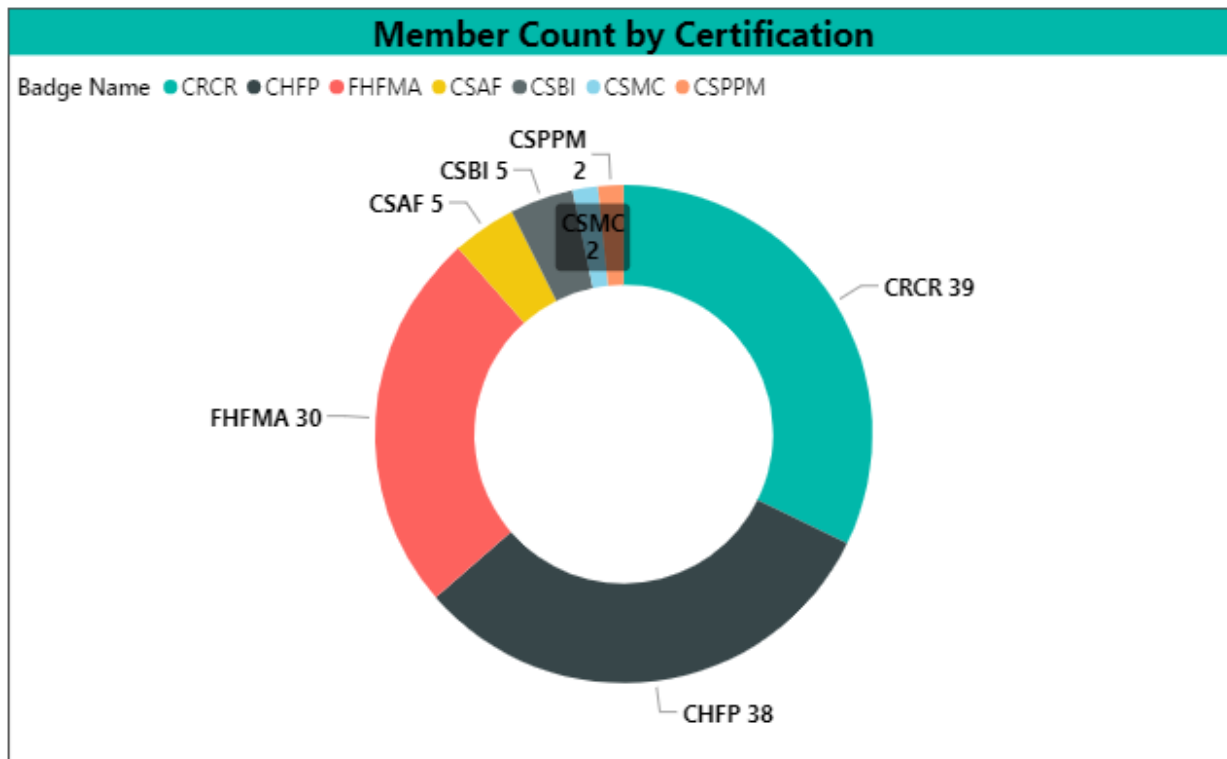

“The CSBI module was formatted differently and was the hardest of the three (CSPPM, CRCR, CSBI) in my opinion. I spent more time getting through it than the others. I would advise paying attention to the questions within the modules and reading the explanations for why the correct answer is the correct answer”. John Koehler, CSMC, CHFP, CSBI

A New Year = A New Certification

Did you know that we have more certified members in our chapter than the average number of certified members nationwide?

Did you know that CRCR and CHFP continue to be the most popular certifications in our Chapter? And that we have 30 Fellows among us?

If you are not yet certified, consider enhancing your career and industry knowledge. For more information visit [Certifications \(hfma.org\)](http://Certifications(hfma.org)) or you may contact me at ziapao@yahoo.com

Until next time,
